

œuf[®] be good™ 

ABOUT OEUF

When we were kids, whenever our parents dropped us off somewhere like school, our grandparents' house for the weekend or even summer camp, they always gave us a hug and a kiss and told us to "be good!" as they waved goodbye.

As kids we're very literal and knew this meant... don't cut your sister's hair; don't glue yourself to the wall, don't go running off into the woods with nothing but your underwear and a toothbrush. At the time, it was mostly about good behavior.

Now as parents, we realize there is a whole other level of meaning when we kiss them goodbye and tell them to be good. We know we're really telling them to be good people. Do the right thing. Make us proud. Be the kind of people we hope to be.

As Oeuf, we have the chance to elevate this notion once again and be a good company. When we say *Be Good*, we mean:

Be good designers.

Simple, clean, intuitive products that are easy and safe to use; made with quality craftsmanship that will last from generation to generation; designed with a European sensibility that is fun and stylish reflecting the needs and lifestyle of today's families.

Be good people.

Respect the people who work with us and treat

them fairly whether employees, artisans, retailers or consumers. Provide a safe and supportive working environment that allows working families to live and thrive in the United States, Europe and abroad. Honor cultural traditions, diversity and local values. Pay people living wages that enable them to live healthy fulfilling lives and send their own children to school.

Be good to the planet.

Use natural, renewable, recyclable materials that emphasize conservation and lead to environmentally sound products. Employ eco-conscious manufacturing processes that promote low emissions and sustainability.

Be Good is not just something we say, it's something we mean. As parents, we want our children to inherit a world that is better than we found it. As Oeuf, we have the ability to make that happen.

Oeuf
Be Good.

SUSTAINABILITY

Oeuf's mission is to make *practical* and *stylish* products with minimal *environmental* impact.

Made in Europe

Oeuf furniture is produced in Latvia, a small densely forested country on the Baltic Sea. Here are the reasons we have chosen to produce our furniture in Latvia:

- Access to high quality, sustainably sourced local woods
- Strong local tradition of wood craftsmanship
- Tough EU laws prevent environmental pollution
- Worker health and safety is protected by EU regulations
- Forest Stewardship Certified facilities
- Recycling of wood wastes and finishing materials
- Certified recycled cardboard packaging

What is our furniture made from?

Oeuf furniture is made from solid birch, Baltic birch plywood and eco-MDF.

- All our furniture meets the toughest US and European emissions standards (the E1 European standard and Californian CARB 2)
- Our eco-MDF is made from recovered wood fibers
- Finishes are non-toxic and water-based, free of VOC health hazards

At Oeuf, we respect the environment, the community and the people who make our furniture.

View of Latvia

Classic Collection

Clean and contemporary, this collection leads the way in smart, modern design.

Safe & Eco-friendly

- sustainably produced in Europe in an FSC certified facility
